***Downrigger Boom Extension Kit***

***Owner's Manual***

**We at Troll-master thank you for purchasing our product.**

**The Downrigger boom extension kit enables you to convert your standard 24 inch boom into a 46 inch boom. Extending the length of the boom of your downrigger will result in multiple advantages:**

- Ensure greater clearance between the vessel and the trolling gear**
- Increase coverage area when used off the side of the boat (like an outrigger)**
- Easier to manage when fishing with multiple downriggers**
- Greater distance between lines allows for better boat maneuverability and decreases the chances of line tangles**

**The product will fit all Penn© Fathom-Master™ or Troll-Master© Seahorse™ downriggers.**

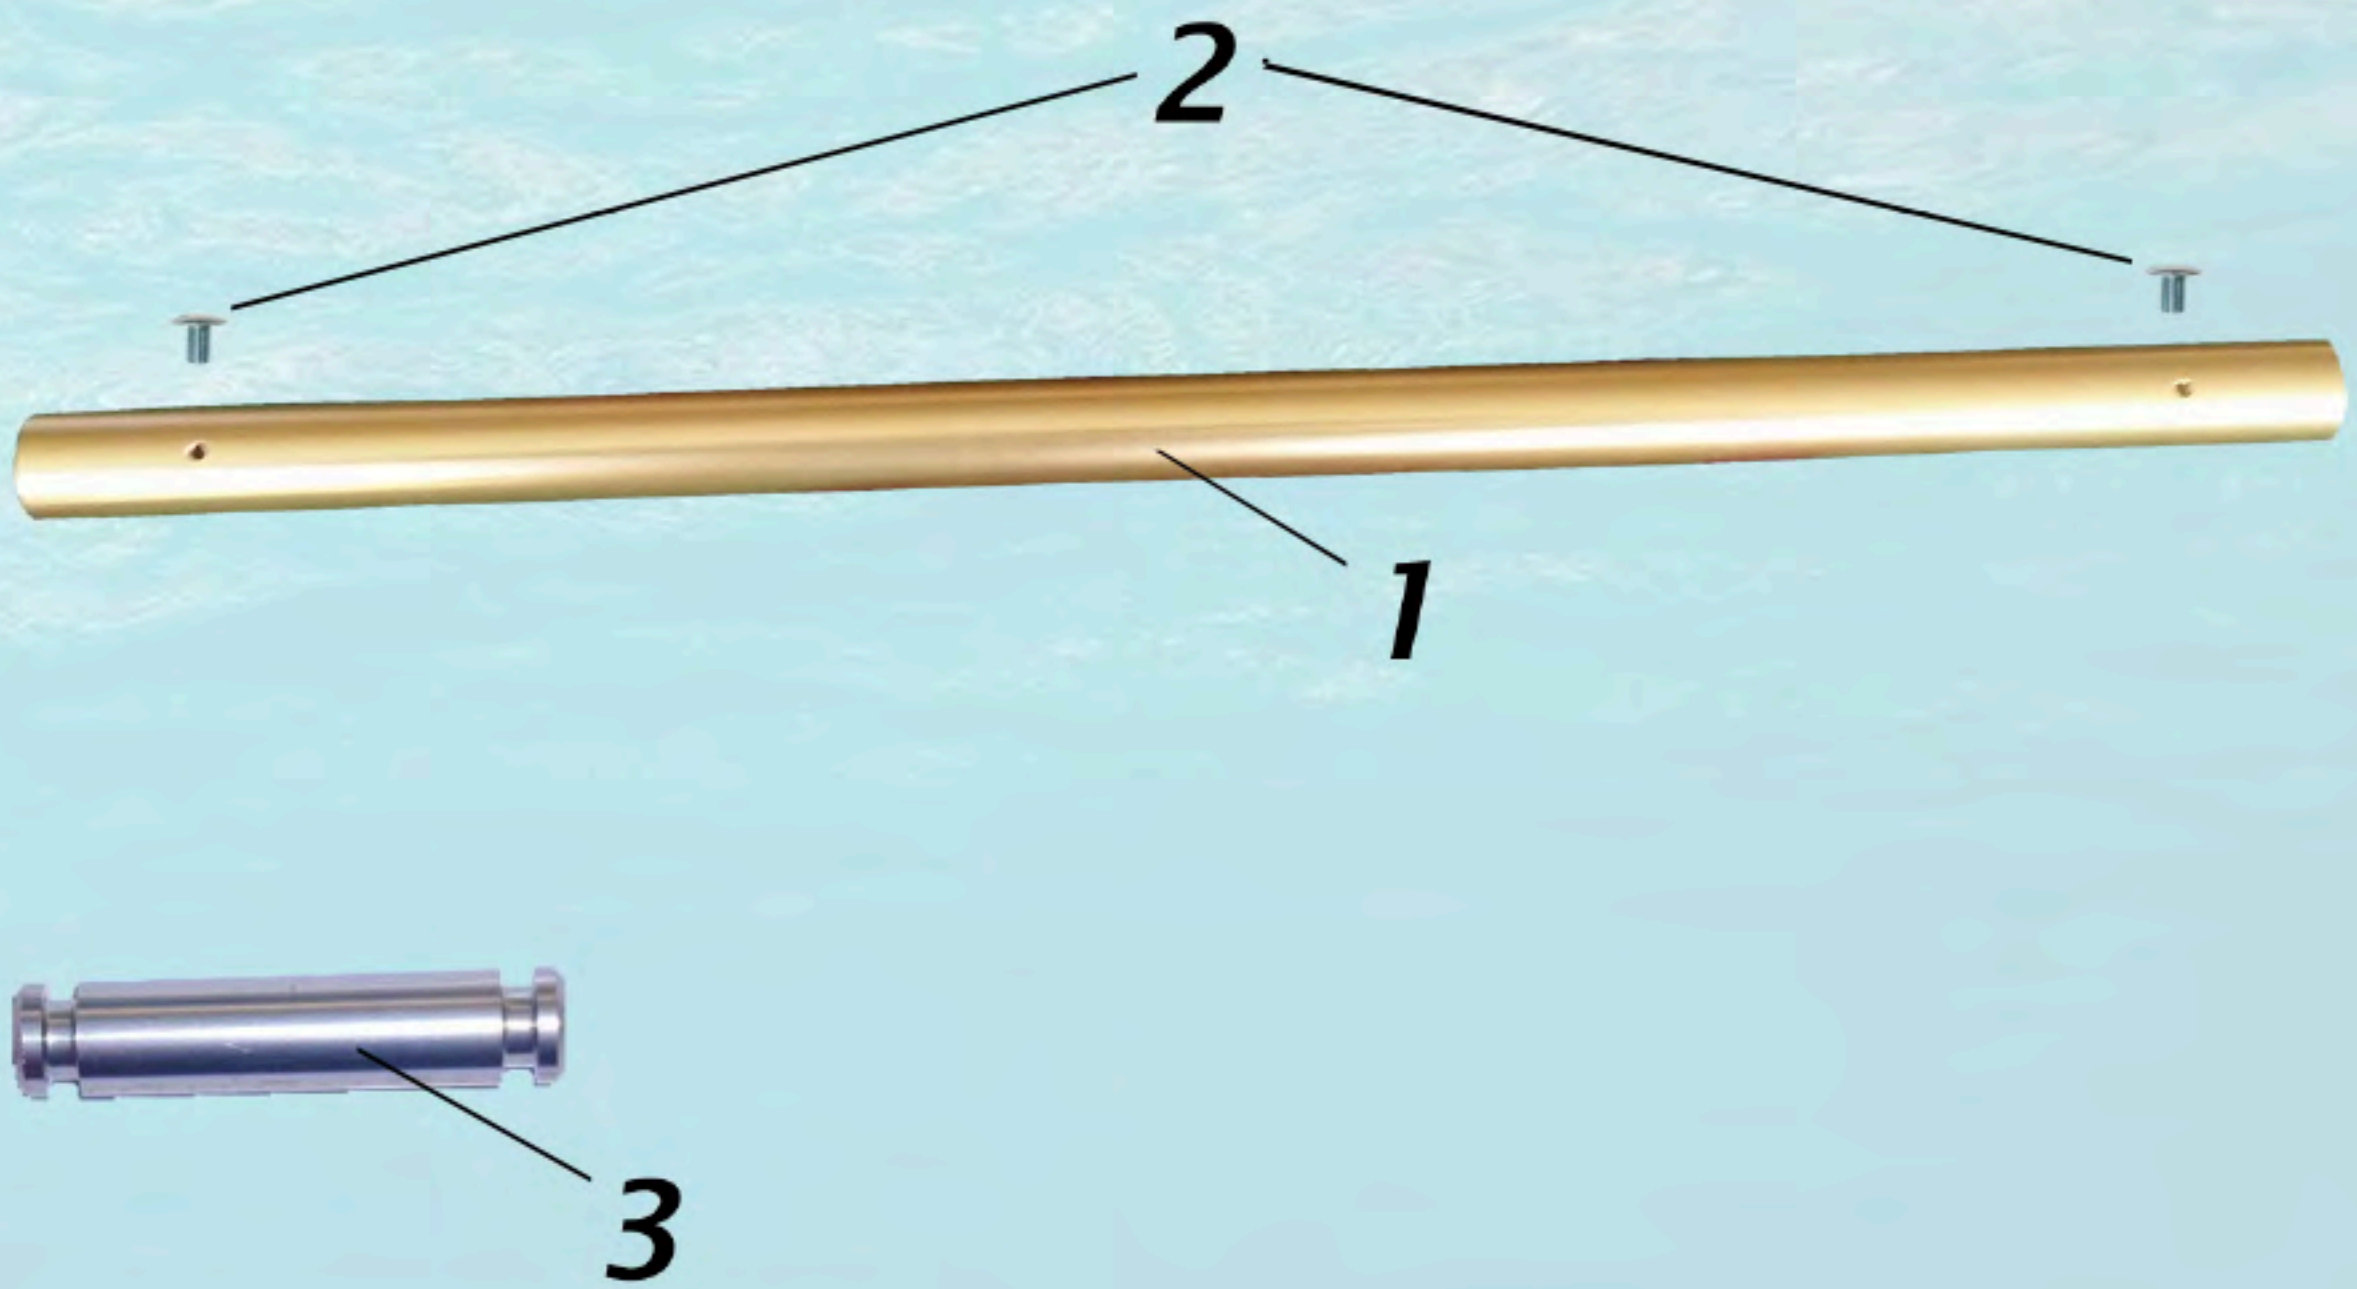

## **Installation Instructions:**

- Step 1. Remove Boom tip assembly from the standard boom of your downrigger.**
- Step 2. Insert Boom Stud (Part number DSA-M11082) into the boom of the downrigger and secure it with the set screw.**
- Step 3. Insert another end of the Boom Stud into the Boom Extension Tube (Part number DSA-M11081) and secure it with the set screw.**
- Step 4. Insert the Boom Tip into the Boom Extension Tube and secure it with the set screw.**

**We suggest that the set screws are positioned on the bottom side of the boom. If the screws are on the top side, there is a chance that the cable may foul on them.**

## *Parts Diagram & Schematics*

| Diagram | Part No    | Description         |
|---------|------------|---------------------|
| 1       | DSA-M11081 | Boom Extension Tube |
| 2       | DSS-VP1083 | Set Screw           |
| 3       | DSA-M11082 | Boom Stud           |

## **Our Mission**

*Troll-Master Inc. is committed to the development and manufacturing of the high quality parts and accessories for the fishing industry.*

*Our goal is to deliver a good product at a competitive price while maintaining the highest quality standards.*

## **Our Team**

*Troll-Master's Team consists of professional engineers, tournament winning captains, fishing enthusiasts and manufacturing experts.*

*Our R&D works in conjunction with real customers across the country utilizing hands on experience and cutting edge technology to design our products.*

## **Our Products**

*All our products come with a 10 year manufacturer's warranty. There is no fine print, no exclusions and no limitations. We will always stand behind our products and will gladly provide Customer Service and Technical support to our customers.*

*We are confident in the quality of the products, functional design and the materials used to produce them.*

## **Warranty**
